EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Scott Kelley on 11/02/06.

2. The following changes to the drawings have been approved by the examiner and agreed upon by applicant: The replacement sheet for figure 4 filed on 8/28/06 is not approved and the original figure 4 filed on 11/20/03 is to be used.

3. The following is an examiner's statement of reasons for allowance: In claims 1, 31, and 40 a hand-held disc storage device with disc tracks, slide tracks, and a resiliently pivotable hook are claimed. The Castritis reference teaches a slide track that is substantially similar to what is claimed, the Gloger references teaches a disc track that is substantially similar in structure to the one that is claimed, and the David reference teaches a resilient hook substantially similar to that as claimed. There is no motivation or suggestion to combine the 3 references nor is there any teaching for the disc track of Gloger to function with the slide track of Castritis.
